NIBI STUDENTS AND SOME EVANGELISTS OF RAJASTHAN

Yet another milestone has achieved.... 60 years of the ministry of Alwar. In the year 1963, Bro. U. M. Dorairaj came to Alwar and began the ministry. In 1966, he was mysteriously taken away by the anti-gospel elements, hence, becoming the first martyr from our Assemblies. On 16th November 1966, Bro. T J Joseph took the challenge to continue the work. Though facing lot of challenges, even the challenge of discontinuing, yet stood firm on the decision of taking the ministry forward and since then the ministry had gone so far. As always remembered and rightly said by Late Mr. Mathew Zechariah that *Alwar is a fertile land, soaked with the blood of the martyr*. Hence, one was martyred, but around 165, after their training in NIBI, are serving the Lord in various parts of the country and even many pioneering. As Tertullian said that *The Blood of the Martyrs is the Seed of the Church*.
